### About Chess Educators

Chess Educators is geared towards the promotion of chess and education! Visit our website at [www.ChessEducators.com](http://www.ChessEducators.com) to find out about our programs, tournaments and events.

### The value of chess.

The game of chess helps young people learn to concentrate, think logically, overcome obstacles, spot patterns and categorize information.

It helps with the development of problem-solving skills, planning, patience, focus of thought and self-discipline.

Chess is a competitive activity, but, good sportsmanship and fair play are taught as essential elements of the game.
